We will work with you on the down payment of any vehicle that you would like to buy. We always try to have several cars for 500\$ down also. Other dealerships require 2500\$ down on the same car that would take much lower of a down payment even as low as 1000\$ for the same exact car. We do not use pressure tactics or try to use sales techniques to sell cars. We let our customers tell us how they would like to do things. Plain and simple. We would love the opportunity to earn your business of getting a new vehicle. We take trades on any kind of car as well.
